Filed: January 15, 2004	: and
Atty Docket No. 12560-016-999	: NOTICE OF INTENT TO ISSUE
	: CERTIFICATE OF CORRECTION

This is a decision on the petition filed on April 29, 2010, which is being treated as a petition under 37 CFR 1.705(d) requesting that the patent term adjustment indicated on the above-identified patent be corrected to indicate that the term of the above-identified patent is extended or adjusted by one thousand, two hundred and forty-nine (1,249) days.

The petition to correct the patent term adjustment indicated on the above-identified patent to indicate that the term of the above-identified patent is extended or adjusted by one thousand, two hundred and forty-nine (1,249) days is **GRANTED**.¹

The Office will *sua sponte* issue a certificate of correction. Pursuant to 37 CFR 1.322, the Office will not issue a certificate of correction without first providing assignee or patentee an opportunity to be heard. Accordingly, patentee is given **one (1) month or thirty (30) days**, whichever is longer, from the mail date of this decision to respond. No extensions of time will be granted under § 1.136.

The Office acknowledges the submission of the \$200.00 fee set forth in 37 CFR 1.18(e). No additional fee is due.

The application is being forwarded to the Certificates of Corrections Branch for issuance of a certificate of correction. The Office will issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by **one thousand, two hundred and forty-nine (1,249) days**.

¹ It is noted that the "Decision on Request for Recalculation of Patent Term Adjustment in View of Wyeth and Notice of Intent to Issue Certificate of Correction" mailed April 21, 2010, added 404 days of additional patent term adjustment. A review of the file history reveals that the April 21, 2010, decision was issued in response to a "Request for Recalculation of Patent Term Adjustment in View of Wyeth" filed March 18, 2010. The 404 days of patent term adjustment is being removed as it was entered in error as a result of duplicitous efforts by the Office to address the request filed March 18, 2010, and the petition under 37 CFR 1.705(d) filed October 14, 2009.

Telephone inquiries specific to this matter should be directed to the undersigned, at (571) 272-3222.
